

HELPFUL HINTS FOR PARTY PLANNING

Food Quantities

The time of day and purpose of the occasion will influence the quantity of food you will need. If you are serving light snacks or refreshments during or near meal times, you will typically need a larger quantity than between meal periods. The quantities planned for per person events are average size portions. We can help you determine the appropriate amounts for your group.

Pick-Ups

The most economical way to host a party is to pick up the food and set it up yourself. Orders can be picked up at our catering kitchen. We can help you with transport and loading – i.e., loading a cart, etc. If you will need assistance, it's helpful to ask at the time the order is placed.

Equipment and Locations

Notice of 72 hours is appreciated; however, we will do our best to accommodate all orders that are received. We appreciate the importance of your function and will do whatever it takes to exceed your expectations.
